Web / Ftp Statistics

In this area you can view statistics about your website. Please be aware that only latest visitors is a live feed. All of the statistical reports are updated every **24** hours. All of the bandwidth information is updated every **6** hours. If you wish to compare data from each statistics program you should only compare data that is at least **36** hours old to ensure that it has been updated and is providing the correct information. Please note these times are estimates, and are subject to change based on the amount of traffic on the server.
